Strategy

Sion is an international security and risk assessment company specializing in Corporate Intelligence and Specialist Risk Management. With offices in the United Kingdom and the United States, we combine decades of experience in international law enforcement and military Special Forces. Whether we are tasked with safeguarding individuals or protecting physical operations and financial transactions, our teams are uniquely qualified to provide bespoke risk analysis and mission critical security to individuals, leading industry providers and government organizations.

Our mission is to ensure that our clients have the information, analysis, resources and security that they need to minimize risk and make well informed, strategic and cost effective business decisions.

Our Strategy for the dynamic risk management market is to develop customer solutions that maximize the value of our resources as it relates to all commercial and governmental sectors.

Sion's Core Product Portfolio

To develop customer solutions, Sion draws on the following Services Portfolio:

Services	Value
Corporate Intelligence	<ul style="list-style-type: none"> ✓ Unrivaled knowledge ✓ Operational experience within the Metropolitan and City of London Police Fraud Squad. ✓ Real time, accurate intelligence and analysis. ✓ Understand core issues. ✓ Make strategically informed decisions. ✓ Identify opportunities and solutions. ✓ Compete more effectively and plan more creatively.
Specialist Risk Management	<ul style="list-style-type: none"> ✓ Specialist consultants drawn from the U.K.'s elite law enforcement and military units. ✓ Prepared to meet any challenge. ✓ Proven operators at government level in the varying fields of risk management and counter terrorism. ✓ Real time operational and instructional experience. ✓ A wealth of turnkey security solutions
Specialist Training Services	<ul style="list-style-type: none"> ✓ Training consultants are former Special Forces personnel and members of the Northern Ireland Counter Terrorist Police. ✓ Unrivaled instructional level. ✓ All are carefully vetted to ensure that they have the necessary experience, knowledge and appropriate operational expertise to deliver turnkey training solutions. ✓ Instructors deliver numerous bespoke, practical, technical and doctrine-based training courses. ✓ Continually reviewed, assessed and updated.

	<ul style="list-style-type: none"> ✓ Accredited by various universities, educational governing bodies. ✓ Programs are also supplemented by mobile training teams which are able to carry out training at clients' locations wherever they might be.
--	---

These are our core foundations for creating bespoke customized solutions that consistently differentiate us in the security industry and enable us to create long-term value for our customers.

Clientele

Our ability to integrate our services to the benefit of our customers distinguishes Sion from the competition.

Our professional approach, attention to customer requirements and dedicated service support have enabled us to successfully compete against some of the larger risk management companies in acquiring prestigious clients within the following sectors:

- Government & NGO
- Banking & finance
- Oil & gas
- Petrochemical & pharmaceutical
- Mining & shipping
- Communications & technology
- Media & entertainment

Corporate Background

In 2005 Sion Resources became a limited company registered in the United Kingdom, supplying corporate intelligence and specialist risk management services to various clients from the above mentioned industry sectors. Since its inception, Sion has gone from a start up venture to a recognized industry leader, regulated and accredited by the Security Industry Authority (SIA), the British Association of Private Security Companies (BAPSC), the American Society for Industrial Security (ASIS) and the International Association of Counterterrorism and Security Professionals (IACSP).

Sion Resources is headquartered in the U.K., and maintains offices in Kent (United Kingdom) and in Los Angeles (United States).

Sion's Commitment

Sion Resources Ltd and its related company, Sion Resources LLC, bring a depth of knowledge, experience and professional capability to all facets of business intelligence, specialist security and bespoke training, providing you with the confidence in selecting Sion for all your risk management and corporate intelligence needs.

Compliance and Equal Opportunity Employer

Sion recognizes the need for regulation and accountability within the specialist security industry, the potential for misconduct or un-ethical practices has been demonstrated in the past, resulting in negative media coverage within the security industry. With so much international attention focused on the industry, we feel that it's necessary for us to take an active role in ensuring that only responsible organizations are able to operate within the risk management and intelligence community.

By serving as an active member of the British Association of Private Security Companies (BAPSC), American Society for Industrial Security (ASIS) and the Security Industry Authority (SIA), we are able to ensure transparency and an ethical approach to our business practices ensuring the protection of our reputation and that of our clients.

Sion complies with Executive order no.11246 (U.S.), the Race Relations Act 1976 (U.K.) and the Employment Equality (Religion or Belief) Regulations 2003 (U.K.) regarding non-discriminatory practices and employment.

As an equal opportunities employer we are committed to the development of effective policies which will promote equality of opportunity regardless of sex, religion, age, marital status, sexual orientation, color, race, ethnic or national origin or disability.

All services comply with the relevant U.S. federal, state, municipal ordinances and U.K. regulations, including international regulations and directions of inspectors appointed by the proper authorities having jurisdiction.
